Good morning,

I am attaching the MPCA presentation that will be used at the advisory committee meeting tomorrow from 12:30-3:30 p.m. in the MPCA Board Room. Please note that some of the slides are numbered. These are the key points to be reviewed. The second file contains the milestones for the peer review process.

Note I am also including the phone conferencing information for those who wish to call into the meeting as it looks like there may be some weather tomorrow.

Not Responsive

We'll look forward to talking with you tomorrow.
